SUMMARY

Enthusiastic Front-End Developer with 1.5 years of experience in building engaging and user-friendly websites using HTML, CSS, and TypeScript. I enjoy designing responsive interfaces that improve user experience. As a team player, I thrive on collaborating with others to deliver high-quality projects on schedule.

EXPERIENCE

Frontend developer

ILMTEC Solutions   **May 2024 - Present, Pune, India**

· **Developed and Maintained User Interfaces:** Designed and implemented responsive and visually appealing web applications using HTML, CSS, and Typescript. Ensured cross-browser compatibility and optimized for performance and scalability.

· **Collaborated with Cross-Functional Teams:** Worked closely with UI/UX designers to translate design mockups into functional web interfaces. Coordinated with back-end developers to integrate front-end components with server-side logic.

· **Optimized Web Performance:** Implemented best practices for web performance optimization.

· **Implemented Modern Front-End Technologies:** Leveraged frameworks such as Angular to build dynamic and interactive web applications. Familiar with version control systems like Git for efficient code management.

· **Provided Technical Documentation and Support:** Authored comprehensive technical documentation for front-end development processes. Assisted in troubleshooting and resolving front-end issues, ensuring seamless user experiences.

· **Continuous Learning and Adaptation:** Stayed updated with the latest industry trends and technologies, incorporating new tools and practices to enhance development efficiency and product quality.

EDUCATION

Master of Computer Applications

D.Y. Patil Institute of Master of Computer Applications and Management · Pune, India · 2022

PROJECTS

Talenlio

ILMTEC Solutions · app.talenlio.com/ · May 2024 – Present

· Concentrated on design tasks initially, creating visually appealing and user-friendly interfaces.

· Contributed to developing small website components and eventually created a reusable library component used by other developers.

· Developed a new application for the company.

· Played a crucial role in migrating projects from Angular 14 to Angular 17, updating the codebase and optimizing performance.

· Honed skills in front-end development, emphasizing the ability to deliver innovative solutions and adapt to evolving technologies.

· Conducted code reviews and provided mentorship to junior developers, fostering a collaborative and learning-oriented environment.

· Utilized version control systems like Git to manage code changes and collaborate effectively with team members.

SKILLS

HTML, CSS, Javascript, Angular, Tailwind CSS, Bootstrap, Angular Material, Git ,Responsive Design, Communication, Teamwork
